

Beautiful Butterflies

Find out how to
make them here

This is what you need

You'll find it on the last page.
If you don't have a printer
and live near Neville's Cross,
let me know and I'll bring you one!

**Cut out the rectangle
(will be easier to cut)**

**Cut out the
butterfly**

**Find some
packaging to
upcycle
(like a cereal box)**

**Trace around the butterfly
onto the cereal box**

**Design your butterfly
wings any way you like;
you're the artist!**

**Go wild with the flat
side of a colouring pencil!**

Use different colours to go over the first colour

Use a dark colour to make the lines stand out

Final touch:
just a dab of white paint
to make dots with
a rounded tool

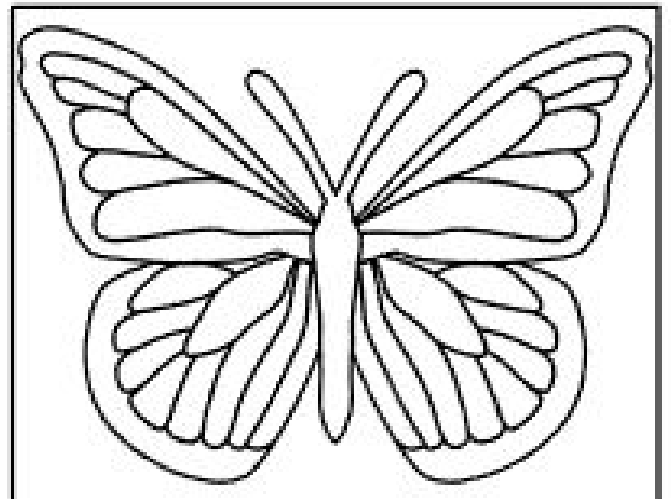

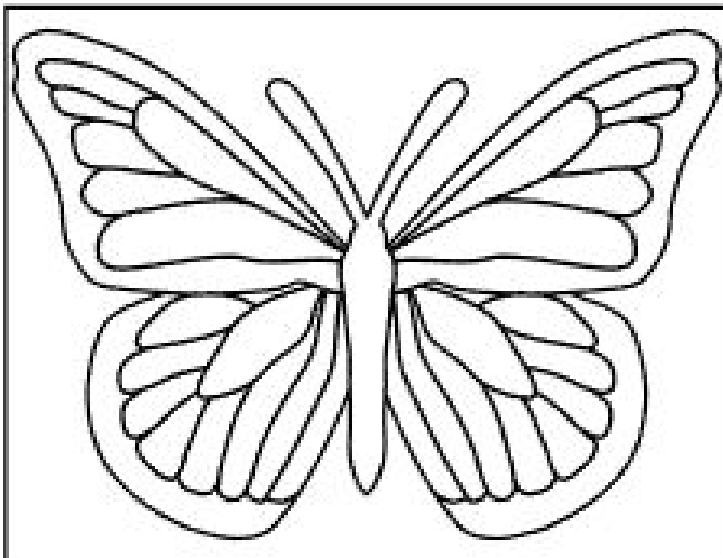

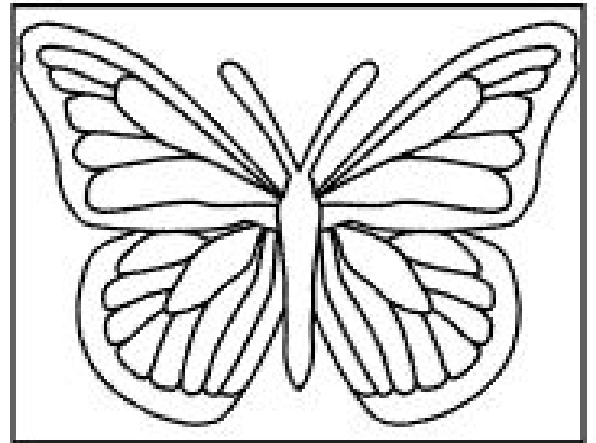

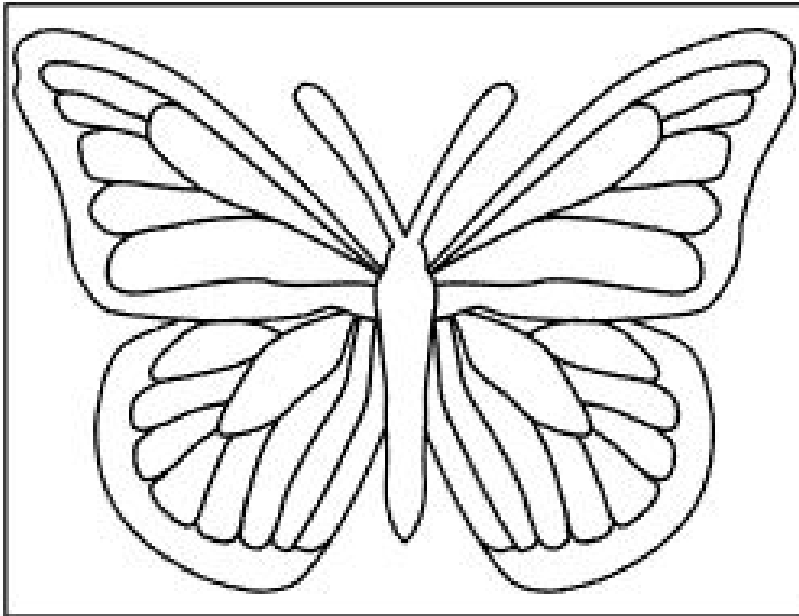

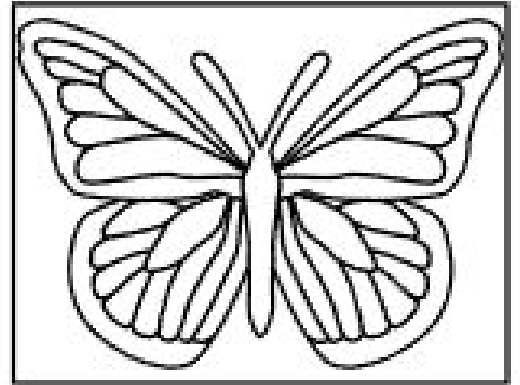

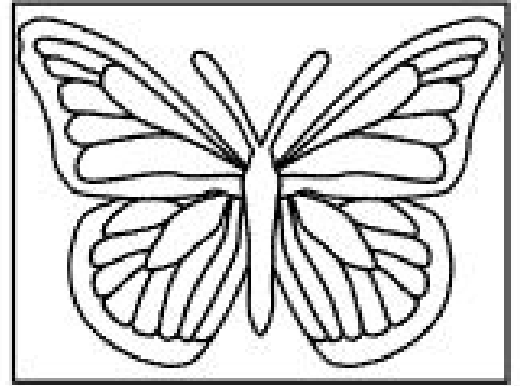

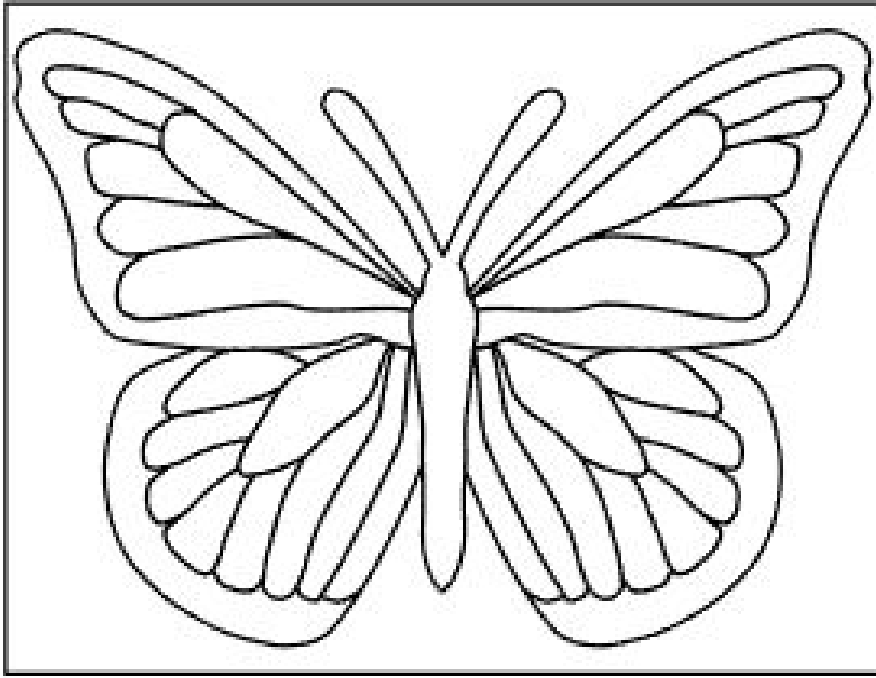

Use a ruler and an old pen to score the lines next to the butterfly's body

Slightly bend the wings

With a bit of blue tack you can put your butterfly where you can admire it. It would like some friends!
